

***Thank you for ordering Syndion<sup>®</sup>, an antioxidant, multivitamin and mineral supplement formulated for children and adults with special nutritional needs and food sensitivities.***

### What does Syndion do?

- Syndion is a comprehensive supplement that supplies necessary vitamins and minerals in a form that can be absorbed\*
- Syndion contains important antioxidants which reduce oxidative stress in the body and support the immune system\*
- Syndion contains MSM and N-acetylcysteine which are sources of sulfur that support normal transsulfuration pathways that contribute to adequate glutathione status\*
- Syndion contains adequate doses of B vitamins, folate and folic acid, and minerals to support normal methylation pathways that can be involved in modification of heavy metals, regulation of gene expression, regulation of protein function, and RNA metabolism\*
- Syndion supports natural detoxification pathways that remove toxic substances from the body\*
- Syndion safely and effectively increases levels of fat-soluble nutrients and antioxidants\*
- Syndion may replace several of your current supplements and could save money\*

## Need some ideas to help your child take Syndion?

We understand a multivitamin and mineral supplement consisting of 31 different vitamins and minerals may have a strong taste to some individuals, so we have asked our customers for ideas on methods to administer Syndion and ways to ensure that it is taken consistently.

- Mix with a fruit juice with a strong flavor such as grape, mango, pineapple, or berry, or with "Vruit" juice such as carrot juice
- Mix with applesauce, pudding or yogurt
- Mix into a smoothie
- Mix with juice, then freeze into popsicles (be careful of melting - the beta-carotene can stain clothing)
- If you choose to mix, tell your child that the vitamin is there so they will understand and prepare for an altered taste
- Provide a drink right after they swallow the supplement, even if it is just water
- If necessary use a syringe and squirt slowly into the child's mouth - placing the syringe against the inside of the cheek allows the liquid to miss most of the taste buds
- When taking Syndion with a teaspoon, try to place it on the back of the tongue so it will miss most of the taste buds
- Develop a routine for taking the supplement just like you were administering a medication - this will allow your child to prepare
- Maintain consistency, such as keeping the vitamin in the same location, allowing your child to help pour it, or letting them choose a special spoon to use to take it
- Let your child know that taking their supplement is not an option
- Provide your child with a reward directly after they swallow the vitamin (stickers are always a favorite)
- Taking your own supplement at the same time your child does, will allow them to see the importance of taking their vitamins

## Too busy to login to reorder?

If your credit card information is unchanged, just send an email to: [customerservice@syndion.com](mailto:customerservice@syndion.com) and tell us how many bottles you would like. We will take care of it from there! Or enroll in our automatic shipment program and get free shipping as well as the best discounts!

## Try our auto-shipment program

Too busy to reorder? Running out of Syndion before you have had a chance to reorder? Take advantage of our auto shipment program and we will automatically ship your Syndion orders – you tell us how many bottles and how often you would like it shipped, and we will automatically ship your order to you. We will ensure that you receive the best promotional discounts available at that time, and you will also get free shipping (a \$9.95-\$16.95 value)! You can change or put a hold on your order at any time either by emailing or calling us. Let us help ensure that you do not run out of Syndion!

## Take advantage of our 3 bottle discount

If you order 3 bottles of Syndion at one time, you get a 20% discount.  
(15% on Syndion-SF)

## Refer a friend and get a free bottle of Syndion

Recommend Syndion to a friend and email us their name (required) and contact information (optional). When they purchase their first 16-oz bottle of Syndion you will receive a 16-oz bottle of Syndion FREE! Refer as many friends or contacts as you think may be interested!

Note that you must email us at [info@syndion.com](mailto:info@syndion.com) with the names of the friends before they purchase. Please be sure and include your name as well so we can keep track of your referrals.

Hurry - this offer expires October 31, 2009! Start earning free Syndion now! We will notify you when your referral orders and ask if you want it shipped then or at a later date.

## We listened and responded to requests for a sucralose-free formulation

In response to requests from customers, we were able to omit the sucralose and some preservatives in the new formulation which contains all natural sweeteners and preservatives.

The logo for Syndion-SF features three stylized human figures in blue, orange, and red above the text "syndion-SF" in a bold, sans-serif font.

## Need some extra vitamin E?

Aqua-E is a liquid water-soluble complete source of vitamin E that contains alpha, beta, gamma, and delta tocopherols and tocotrienols. Aqua-E is specially formulated for enhanced absorption which has been documented by a published clinical study:

Papas K, Kalbfleisch J, Mohon R. Bioavailability of a novel, water-soluble vitamin E formulation in malabsorbing patients. Dig Dis Sci. 2007 Feb;52(2):347-52.

The Aqua-E logo features a stylized blue water drop icon to the left of the text "AQUA-E" in a large, bold, serif font.
